

Commercial Services

Waste Management GI Industries is committed to providing our commercial customers with the best service available. We offer a wide variety of commercial services to fit the needs of local businesses.

On-time Collection Services by Professional Drivers

We know that timely, courteous and reliable collection is your number one priority. All our drivers receive comprehensive and ongoing training in safety and regulatory requirements. You can also depend on the responsiveness of our radio dispatched services for emergency collection.

Locally Based and Managed Collection Services

For Business – Both large and small commercial enterprises benefit from GI Industries collection resources. We specialize in providing site-specific service and in addressing waste needs.

For Industry – Our local presence means our full spectrum of waste management services, including site analysis, special waste assessment and collection. In addition, disposal is targeted to the requisites of area industry.

Single Point-of-Contact Via Your Personal Account Representative

Ease of service and knowledge of your needs are the primary benefits of having a specially assigned account representative. Throughout your service contract, your representative will continually assess your waste requirements, make recommendations that reflect the changing needs of your business and connect you to our full range of services.

We offer the following:

- [Front-Loading Containers](#)
WM GI Industries provides a variety of front-loading container sizes to fit your project needs.
- [Roll-Off Containers](#)
WM GI Industries provides a variety of roll-off container sizes to fit your project needs.
- [Construction and Demolition Recycling](#)
Under Ventura County Ordinance 4357, all C&D projects in the unincorporated area are required to recycle at least 60% of their waste. This ordinance is also being adopted by an increasing number of cities in the County. To assist local businesses, the Construction and Demolition Facility at the Simi Valley Landfill accepts co-mingled C&D waste. Items accepted include non-hazardous materials such as cardboard, drywall, flooring, roofing materials, tile and windows. WM will continue to offer reduced rates for source-separated materials such as dirt, concrete, asphalt and wood/green waste.
- [Commercial Recycling AB341](#)
AB 341 requires both businesses that generate more than four yards per week of solid waste and multi-family complexes with five units or more to have a recycling program in place.
